The Australian National Internships Program (ANIP) provides access to internship placements in the Australian (Federal) or the Territory Parliaments, Government or Non-Government Organizations.

Interns must complete a substantial Research Project on a topic of public interest, for which they gain significant credit towards their degree.

ANIP is open to Australian or overseas university students who have completed two years of study.

You may be either an undergraduate or graduate student from any discipline.

For more information please go to our website at: [www.anu.edu.au/anip](http://www.anu.edu.au/anip)
