A Conversation with Dr Theodore Ell

2021 Calibre Essay Prize Winner

About the event

The **Australian National University** and **Australian Book Review** invite you to an evening with Theodore Ell, winner of the 2021 Calibre Essay Prize. Dr Ell (an honorary lecturer in literature at ANU) will be in conversation with Beejay Silcox, another Canberra writer and a past *ABR* Fellow.

The subject of Theodore Ell's award-winning essay, 'Façades of Lebanon', is the massive explosion on 4 August 2020 when a port explosion devastated Beirut and shook a nation already teetering on the brink of economic collapse.
